MEMORANDUM FOR THE RECORD

25X1

FROM: [   ]
          Chairman, Intelligence Definitions
          Working Group

SUBJECT: 28 March 1978 Meeting and Definitions
           vs. Charters Legislation

1. The Intelligence Definitions Working Group met
at the CHB at 1330, 28 March 1978. The purpose of the
meeting was to edit the glossary and its proposed intro-
ductory sections. Members were present from CIA, State,
FBI, DIA, NSA(IHC), NSA, Army, and Navy. Absent were the
Treasury, Energy, and Air Force members.

2. The Chairman distributed copies of the draft with
proposed changes marked thereon. This was used as a dis-
cussion vehicle for the editing session, the purpose and
other details of which were included in the Minutes of the
working group meeting of 21 March 1978, and which Minutes
were distributed to members by mail. After minor changes
were incorporated, the draft Preface and other introductory
sections were accepted without disagreement. An extensive
editing of the glossary was begun and, by the end of the
work session, was completed through the term <u>Director of
Central Intelligence Committee</u>. The working group will
re-convene at 1000, 30 March 1978 in CHB Room BW07 to com-
plete editing the draft glossary.

3. During the life of the working group to date, I
have had several conversations with[   ]   25X1
Assistant Legislative Counsel, who has from time to time
asked for definitions of terms which he was reviewing for
inclusion in draft executive orders or draft legislation.
I cooperated with him as fully as possible, including him
in routine distribution of working group Minutes to which
the latest draft glossary was attached. On 29 March 1978
